### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Cannati on Mar. 06, 2006.

The application has been amended as follows:

In list of claims,

1. In line 2, after "schedule of one" insert —or—, and line 4, after "a reminder alert" insert —responsive to the scheduling facility to an intended user—, and line 9, after "a reminder alert" insert —to said intended user—

9. In line 5, after "a reminder alert" insert —to an intended user—and line 8, after "reminder alert" insert —to said intended user—

12-18 (Cancelled)

2. The following is an examiner's statement of reasons for allowance: The present invention is directed to a mobile device having a scheduling facility for maintaining a schedule of timed events. Each independent claim identifies the uniquely distinct features "location detector comprising wireless local area network (WLAN) device for determining a current location of the mobile device, and generates a modified reminder alert to an intended user if the current location of the mobile device matches the reminder alert parameter", in combination with the manner

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
